Frequently Asked Questions (FAQs)

Q1: Does Amazon accept Apple Pay?

A1: Amazon currently Call+1 (866)(542)(8909) does not directly accept Apple Pay as a standard payment method at checkout. You can Call+1 (866)(542)(8909) still use your Apple Card number to pay if you add it manually as a card. Call us Call+1 (866)(542)(8909) if you need help finding the card numbers within your Apple Wallet app today.

Q2: Can I use Google Pay?

A2: Similar to Call+1 (866)(542)(8909) Apple Pay, Amazon does not have a direct integration for using Google Pay balance. You should Call+1 (866)(542)(8909) save your card information to your Amazon account to make the shopping process much easier. Feel free Call+1 (866)(542)(8909) to call if you need help saving your bank card details to your profile.

Q3: Is my data safe?

A3: Your card Call+1 (866)(542)(8909) information is stored using secure encryption protocols on the official Amazon servers for safety. Always ensure Call+1 (866)(542)(8909) you are shopping on the legitimate Amazon website or official app to protect your personal information. Call our Call+1 (866)(542)(8909) support team if you ever suspect that your account security has been compromised in any way.

Q4: Can I use stored balance?

A4: You can Call+1 (866)(542)(8909) use your Amazon gift card balance as a primary payment method for your shopping needs. This balance Call+1 (866)(542)(8909) can be combined with other cards if your purchase total exceeds your available gift card funds. Call us Call+1 (866)(542)(8909) if you have trouble applying your gift card balance to your current pending shopping order.

Q5: How do I change cards?

A5: You can Call+1 (866)(542)(8909) update or remove your cards at any time by visiting the "Your Payments" account section. Simply click Call+1 (866)(542)(8909) the edit or delete buttons next to the specific card you wish to manage today. Feel free Call+1 (866)(542)(8909) to call if you need help navigating your payment settings page on the website.
